

Homemade Linen Spray

SERVINGS: 1 Spray Bottle

PREP TIME: 5 minutes

TOTAL TIME: 10-15 minutes

Making your own homemade linen spray allows you to control the ingredients, allowing you to create a cost-effective and eco-friendly alternative to commercial products. With homemade linen spray, you can effortlessly infuse your linens and fabrics with a delightful and personalized aroma, carefully selected to your preferences.

Ingredients:

- 1 1/4 c Distilled Water
- 3/4 c Rubbing Alcohol or Vodka
- Essential Oils (or Fragrance Oils)

Print 

Directions:

1. Begin by filling the spray bottle with 1 1/4 cup distilled water, using the funnel to avoid spills.
2. Next, pour 3/4 cup vodka or rubbing alcohol into the bottle.
3. Add around 20-30 drops of your chosen essential oil (or fragrance oil) to the mixture. The number of drops may vary depending on the strength of the scent you desire.
4. Tightly close the spray bottle and shake it well to ensure the ingredients are thoroughly combined.
